Dear All,

I wanted to make you aware that in response to tribal community concerns related to the Gold King Mine spill, the UA and Cooperative Extension partners developed a bulletin entitled Understanding the Gold King Mine Spill,
http://www.superfund.pharmacy.arizona.edu/sites/default/files/u43/gold_king_mine_spill_bulletin_draft_081915.pdf.

Additionally, Raina Maier, who is the Center Director for the Arizona Program, participated in a live call-in show that was broadcast to public and tribal stations across the country (her section starts approx 44:25), <http://nativeamericacalling.com/tuesday-august-18-2015-the-impact-of-the-gold-king-mine-spill/>

Please let me know if you have any questions.

Kind regards,

Michelle
